Subject: Backpack program

Good morning!

Here is the information in the back pack program.

We have 15 children in the upper and lower valley that are going without food on the weekend because the backpack program through Three Square doesn't have any more funding for additional backpacks. I have worked with the social worker for both Bowler and Perkins. She has identified the those 15 students.

To feed those 15 children the rest of the year it is going to cost \$1,588.50. The break down is as follows \$3.53 per week per student X 15=\$52.95 So it's \$52.95 per week to feed those 15 students. There are 30 weeks left in the school year. \$52.95 per week X 30 weeks left of school=\$1,588.50 Please let me know if you need any additional information.

Thank you for your consideration in this matter!

Bren
